Local Men Organize Coal Company.

A gigantic coal company with a capitalization of \$10,000 to develop a large coal field in Morgan county was the plan set forward at a meeting of several prominent men of Paris and Lexington held here Wednesday afternoon. Practically all of the stock of the concern has been subscribed and it will be incorporated in Bourbon county under the State law.

The company will be known as the Coney-Cannel Coal Company and more than two hundred acres of valuable coal lands in Morgan county will be developed. At the head of the company is Mr. P. J. Johnson, of Lexington, who will fill the office of President and Dr. F. M. Faries was made Vice President, while Lee Starke, of this city, is Secretary and Treasurer. Dr. Wm. Kenney, of Paris, is a member of the directorate.

The company owns two hundred acres of rich coal lands in Morgan county, which it plans to develop and the work will begin as shortly after the company is incorporated as possible. The lands in Morgan county are easily accessible, and connect with the O. and K. railroad, which branch forms a part of the L. and E. railroad. The promoters of the enterprise plan to operate several coal mines and are very much enthused with the prospects of an immense output of a very fine quality of coal. Offices of the concern will be opened in Paris in the next few weeks.

Dr. W. G. Dailey, who was bitten on the toe by a spider or some other insect last Friday, was compelled to go to Paris and have his foot lanced. He is improving slowly and has returned to his home. Dr. Dailey went to bed Friday night as well as usual. In the night he roused up with a severe pain in that toe. His brother, Dr. M. H. Dailey, of Paris, came down for him in an automobile and took him to Paris, where Dr. Dauberty and Eithan lanced the toe in several places. The foot was badly swollen and blood poison had already developed. Dr. Dailey is resting as comfortably as can be expected.

Investigation May Cause Shake-Up.

A general shake-up may be the result from the investigation of the school census of the city of Paris, which has been in progress for the past several days, conducted by Messrs. Marion Pogue and T. W. Vinson, inspectors sent here from the Educational Department at Frankfort.

While those in charge of the investigation will give out nothing for publication, there is a common rumor in circulation to the effect that the inspectors will make some startling disclosures when they submit their report, which is likely to take place today.

The inspectors have had before them Mrs. Newton Clark, who compiled the school census of the city, and together the entire list has been gone over. Mr. Vinson left Paris Wednesday for Frankfort, while Mr. Pogue remained to complete the work to which he had been assigned.

Pay Car.

The Louisville & Nashville pay car made its monthly visit to Paris yesterday distributing the salaries among the many employees here.

DEATHS.

TAMME.

—Mrs. Anna Tamme, aged 70 years, died at her home near Danville, Tuesday morning, after an illness of several weeks from heart trouble. She was the wife of Mr. Frank Tamme, formerly of Bourbon county, and had only recently celebrated her golden wedding. She is survived by nine children—Mrs. Anna Helberg, of Brown county, O., Messrs. Will, John, Fred and Louis Tamme, Misses Minnie, Edith and Emma Tamme, and Mrs. M. F. German, of Boyle county. Interment took place yesterday morning in the Catholic cemetery at Danville, following services at the church.

TUTTLE.

—Mrs. Mary Tuttle, aged 61 years, died at the home of her son-in-law, Mr. Stanton Rummans, on Walker's avenue Wednesday evening about five o'clock after an illness extending over a period of one year.

Mrs. Tuttle has been in declining health for about four years, suffering from Bright's disease and for the past year her condition has been such as to cause great alarm among the members of her family.

She is survived by six children—Mr. James Tuttle, of California; Mr. William Tuttle, of near Lexington; Mrs. Clarence Ecton, of Winchester; Miss Lizzie Tuttle, Mrs. Minnie Rummans and Mrs. Jennie Perkins, of Paris. One brother Mr. W. O. Brook, Sheriff of Clark county, also survives.

The remains will be taken to Winchester this morning leaving the home of Mr. Rummans on Walker's avenue at 7 o'clock for Winchester where services will be held at the grave in the Winchester cemetery, conducted by the Rev. Mr. Wright.

RELIGIOUS.

—A very successful meeting has been conducted at the Spears Mill Baptist church, near this city, by Evangelist J. B. Ennis, of Lexington, resulting in seventeen additions to the church. An all-day meeting was held Sunday and dinner was served on the ground. The church was far too small to hold the crowd that attended the service, many coming for miles to hear the evangelist. Rev. J. W. Clark, of Owensville, former pastor of the Paris church, will baptize those who confessed faith during the meeting, Wednesday.

—Rev. Dimmitt will begin a protracted meeting at the Clintonville Christian church Sunday evening.

Never Complain Against Hello "Hello Girl."

Although he has used the telephone practically ever since it has been invented Dr. Geo. H. Detwiler, pastor of the West End Methodist church, Chicago, said in a recent sermon that he had never found cause for complaint against the telephone girl. Dr. Detwiler delivered a sermon upon "Courtesy," and severely criticized some people on their conduct. He referred to a church member who had spoken in such a manner to a street car conductor that he was compelled to make an apology to the company. He showed now it pays to be courteous on trains, in hotels and other places. On several occasions he showed how by standing aside quietly when there was a scramble and confusion he had secured the best room in a hotel, and a lower berth in a Pullman car, while others in a scramble ahead of him lost out.

Dr. Detwiler showed how courtesy is a big factor in practical religion. He admitted that there are provocations and sometimes things don't work exactly right. In using the telephone when this occurs he thinks of how the operator has been at her post since 7 o'clock in the morning and has been persecuted by many others, and he is willing to hold his peace. Dr. Detwiler said there is probably nothing more harmful to the church than a short of downright viciousness than lack of kindly courteousness on the part of those claiming to be disciples of Christ.

Paris Again Downs the Orphans.

At White Park yesterday afternoon the Bourbonites, for the second time this week, took into camp the lowly Orphans by a score of 4 to 1, and moved above the Richmond team in the percentage.

Dunlap was on the mound for the locals and kept them well in hand throughout the contest. Only in one inning did he allow the visitors to bunch hits and this was responsible for the only run scored by the cellar chumps.

Errors were responsible for two of the runs scored by the Paris team, but timely hitting netted the remainder. Dunlap was wild at stages, but was successful in securing control and very effective in pinches.

The Bourbonites put up a splendid game, not an error being registered against them throughout the contest. The fielding of Locke was a feature.

Richmond losing to Frankfort yesterday afternoon put Paris a few points to the good in fourth position, with Lexington within hailing distance in the advance. There is a possibility that Paris may close the season in the first division and with this object in view, the services of another pitcher have been secured and he will report to the local club at Maysville.

Today Paris will go to the river town for a series of three games and will make an effort to come out with the long end. This series will probably determine the result in the finish and the locals are determined to trounce the Rivermen in at least two of the games.

TUESDAY.

In the double header with the Pioneers at Richmond Tuesday, Paris won the first by a score of 3 to 1 and the second 10 to 5. Applegate was on the rubber for Paris in the first exhibition and Dunlap, who was driven from the rubber in the game Monday came back and held the visitors to six hits. The five runs made by the Pioneers came in the first two innings.

WEDNESDAY.

Paris easily defeated the Orphans in Mt. Sterling Wednesday afternoon, winning by a score of 11 to 1. Hauser, who pitched for Paris was never in danger of defeat, as his teammates were hitting well behind him while his effectiveness kept the Orphan batters guessing throughout the game.

Has 152 Living Descendants.

Henry Smallwood, aged 91, formerly employed as a chairmaker of High Wycombe, has 152 descendants living, including ninety-three great-grandchildren and seven great-great-grandchildren. He has a brother aged 92, and a sister aged 80. A son, a grandson, a great-grandson and a great-great-grandson are all named Henry.—London Daily Mail.

"Were all medicines as meritorious as Chamberlain's Colic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

Catlin Unseated.

By a vote of 121 to 1, T. E. Catlin, Republican, of Missouri was unseated as a member of the House, Tuesday, and his Democratic opponent, Patrick F. Gill, seated.

Girls Take the Lead.

Judging by the facts, women are pretty fully in possession of formal education. If we examine this monopoly a little more carefully we shall find that while in the kindergarten and in the elementary schools boys furnish 51 per cent of the enrollment, simply because more boys are born in civilized communities than girls, as soon as we reach the high schools girls increasingly take the lead.

Fined For Selling Lipuor.

At Carlisle, Lewis Ishmael was fined \$100 and costs in Justice J. T. Clay's court on a charge of violating the local option liquor laws, and six other warrants against him, on similar charges, were filed away with leave to redocket in case he should violate the local option laws. Five indictments were returned against him by the grand jury in the Nicholas Circuit Court, charging violation of the local option laws.

His "American Name."

A small Italian boy, after due attendance upon the public school, asked his teacher if he might not change his name and have, instead of his true patronymic, "a Merican name." "What name would you like?" asked the teacher. Proudly the lad produced a scrap of paper on which was written—"Patrick Dennis McCarthy."

Whisky Consumption Increases.

The people of the United States produced more whisky and rum and smoked more cigarettes during the fiscal year, 1912 than ever before in the history of the country, according to the preliminary annual report of Royal P. Cabell, Commissioner of Internal Revenue, submitted to Secretary MacVeagh, Tuesday. The consumption of whisky was exceeded only by the year of 1907, but beer drinking fell off substantially.

FOR SALE.

Dix Cutting Box No. 2, in good condition. Will sell cheap.

STOCK, CROP AND FARM NOTES.

—W. A. Thompson bought an aged mule in Lexington, Monday for \$150.

—Tobacco cutting has begun in some sections of Montgomery county. The tobacco is said to be in excellent condition for housing.

—On the farm of Thomas Mynes, on the Rattles Mill pike, a Jersey cow gave birth to two fine calves, one a Jersey and the other a red calf.

—George Williams Clay, of Paris, has sold from his farm on the Winchester pike, 150 head of grass fed cattle, to be delivered November 1, to Jonas Weil, of Lexington, at \$6.00 per hundred pounds.

—Robert C. Gatewood, of Montgomery, sold to Greenwald, of Chicago, and Monte Fox, of Danville, 315 head of export cattle for 8 cents per pound. The entire lot averages 1,500 pounds and the total amount of the purchase will reach \$30,000.

—Stock cattle are becoming scarce in the Blue Grass that farm of this section are compelled to go to other states to restock their farms. W. R. Bowman, and Charles Lane, leading Fayette county farmers, have just returned from St. Louis, where they purchased 300 head at fancy prices which will be placed on their farms in the southern section of the county.

—The wheat crop in Bourbon county this year is reported as averaging up well, and, as a rule, is of good quality. The grain is being eagerly sought after by the dealers and the prevailing price is \$1 per bushel although several small sales have been made at \$1.02 and \$1.05 per bushel. The prices being paid for wheat in Paris has been unaffected by the slump in Chicago, which is attributed to the fact that most of our grain is used for local consumption.

—The Winchester Democrat says: "Peaches that weigh 14 oz. are nothing for this section, for Mr. Winn, the furniture man, is displaying some in his store, which grew at his home on Main street. He has a big crop on two trees and they are perfect in shape. Mr. Winn does not know the variety, but the seedling was given to him by Mr. Hood Smith. This proves that you don't have to go to the far west to raise fruit. If you'll work in Kentucky the weather and soil will do the rest. Get busy."

—Bath county farmers have signed a call for a conference of tobacco growers to be held at the court house in Lexington on August 28, at 2 p. m., for the purpose of inaugurating a movement in the Burley tobacco district to secure a paying price for the 1912 crop of tobacco, according to a dispatch from Owensville. This movement is believed to be inspired by the Farmers' Union sentiment, which is known to be strong in that section of the State, where the Union has a co-operative store and large membership.

—CARLISLE COURT—The Mercury says: "There was a big crowd in Carlisle Monday and considerable stock changed hands. The greatest interest centered in the weanling mule market and something like fifty or seventy-five were sold at prices ranging from \$50 to \$125. H. N. Rankin was the largest buyer, he having secured forty head. Medium cattle sold at 41-2 to 51-2 cents. Hogs at 61-2 to 71-2 cents. Quite a number of sheep offered and a few sold at fair prices. The traders on the streets were quite active during the day, but were cautious in buying."

—Heavy rains in portions of Nicholas county have caused considerable damage to land. In some places land prepared for alfalfa has been literally washed to pieces, while tobacco and corn land has been greatly damaged. The rain, extending over most of the county, has been of great value to growing crops, the condition of which on the average greatly improved. The tobacco in sections is short, but with a favorable season will grow out. In some parts of the county, where it has been dry, the corn is very poor and will not make half a crop. Where it has been seasonable the corn crop will be about an average.

—The House Tuesday afternoon passed the wool bill over President Taft's veto. One hundred and seventy-four members voted yes, eighty voted nay, and ten "present." Nineteen Republicans voted with the Democrats to pass the bill over the veto. Speaker Clark set the Democrats wild by ruling that ten members who voted "present" were not to be counted in the final vote, and that Democrats had therefore carried the bill over the President's head. By eliminating the ten members who voted "present" the total number on the floor was reduced from 264 to 254, and 174 was constituted a two-third majority.

—That Kentucky farmers actually lost \$3.50 on every acre of wheat they raised this year was the declaration made by J. W. Newman, Commissioner of Agriculture, in a statement to the Educational Committee of the Louisville Commercial Club. Commissioner Newman has completed his crop report which shows that the average yield of wheat per acre in the state for 1912 was 9.3 bushels, while government reports show ten bushels, the two being very close. Either figure he said would mean a loss of more than \$3 an acre for wheat raised in Kentucky in 1912. Lack of agricultural knowledge he held responsible for this poor showing.

Shocking Sounds

in the earth are sometimes heard before a terrible earthquake, that warn of the coming peril. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention. If you would escape those dangerous maladies, Dropsy, Diabetes or Bright's disease take Electric Bitters at once and see backache and all your best feelings return. "My son received great benefit from their use for kidney and bladder trouble," writes Peter Bondy, South Rockwood, Mich. "It is certainly a great kidney medicine." Try it. 50 cents at Oberdorfer's.
